“As a single parent, I was always grateful for the support of caring family and friends. As a 17 year member of The Kiwanis Club of Ottawa, I have seen the impact of a group of like minded individuals. With my job at Habitat for Humanity NCR, I see daily what a supportive, caring community can achieve. Epilepsy Ottawa is a community based organization that is making a difference and I am proud to be part of it.”

Myrna is also the proud mom of 4 adult children – 3 sons and a daughter – and the doting grandma to 5 delightful grandchildren. Any spare time is spent in their company.
